## Principal's foreword

### Introduction

Darling Heights State School has a diverse and culturally rich population. Our school enrolment continues to grow averaging around 630 students for the year. 290 of our students have identified that they are from other cultures, 315 children indicating they are born overseas. 305 are students who have English as a Second Language. Of these students, 105 have been given refugee status in Australia. 145 of the ESL students were at DHSS because they had a parent studying at the University of Southern Queensland.

We are truly a Multi-Cultural School with tolerance and understanding of others being features.

The significant challenges for this school in coming years will be to respond to this diverse and growing population, continue to manage the roll-out of Education Queensland Policy and implement the requirements of the new National Curriculum.

For 2014 and beyond, we will continue to work to provide a happy, enjoyable and safe environment for our students, encourage and maintain parental involvement in our school and their child's/childrens' education while communicating with our whole community.

### School progress towards its goals in 2013

Our school achieved all it set out to do in 2013, especially about its Curriculum Enhancement Agenda. Completion occurred with all elements of the Qld Curriculum Assessment & Reporting Framework (QCARF) agenda & we successfully completed Staff Professional Development on Reading & the Reading Process.

Our ESL program has been extended to include 5 permanent teaching staff and they have outgrown the room that they occupied in 2012 and have been accommodated in new rooms, redeveloped as part of the refurbishment of the old library.

The new Resource & Technology Centre (Library) and the extensions to our existing Community Recreation Facility have been well used by our school and community.

# Queensland State School Reporting

## 2012 School Annual Report

### Future outlook

In 2014, we plan to implement a range of initiatives as described in our 2014 Annual Operation Plan.

These foci are specifically about Curriculum & Teaching Practice, Leadership/School Capacity and Students/School/Community.

Initiatives include:-

- Implement a School Wide Pedagogical Framework featuring “Explicit Teaching.”
- Consolidate First Steps in Reading (FSiR) - Reading and Reading Comprehension.
- Implement the Australian Curriculum for Geography. Familiarise Civics, HPE & Economics/Business.
- Use Data to inform teaching, monitoring & planning for student progress.

- Embed SWPBS into our School Culture & commence Tier 2 Training.
- Build and ensure participation in Professional Learning Teams.
- Implement recommendations from “Teaching/Learning & Discipline Audits”
- Implement “Coaching and Feedback” processes across the school.

- Establish Partnerships with Parents & Community.
- Design & Commence a “Parent Forum” to gather views.
- Finalize “Empowering Local & Focus Schools” projects.
- Ensure “Great Results Guarantee” is met.

# Our school at a glance

## School Profile

**Coeducational or single sex:** Coeducational

**Year levels offered in 2013:** Prep Year - Year 7

**Total student enrolments for this school:**

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2011	554	269	285	91%
2012	589	289	300	92%
2013	633	310	323	87%

Student counts are based on the Census (August) enrolment collection.

## Characteristics of the student body:

Darling Heights is a State School located in the south-western quadrant of Toowoomba. It is situated very close to the University of Southern Queensland with a 2013 maximum enrolment of 650 Primary students, 93 of those being in the Prep Year. 49 of our students are enrolled in our Special Education Facility. In all, this school offered a comprehensive education from Prep through to Year 7 in a co-educational setting which featured 24 co-educational classes

In terms of Boys and Girls, our student body is balanced. In 2013, we had a slightly greater number of boys enrolled in Years 6 and 7 with a higher percentage of girls to boys in Years 1 and 2. During any year, our enrolment from Day 8 can grow anything up to 10%. We receive a number of student enrolments, many International, from parents who are studying at the University of Southern Queensland. USQ does not commence lectures until late February and we also gain enrolment from those commencing study in Semester 2.

Of our students,

290 have identified that they are from other cultures,

315 children indicating they are born overseas.

295 are students who have English as a Second Language. Of these students 105 have been given refugee status in Australia.

145 of the ESL students were at DHSS because they had a parent studying at USQ.

## Average Class sizes

Phase	Average Class Size		
	2011	2012	2013
Prep – Year 3	25	22	23
Year 4 – Year 7 Primary	23	23	26

## School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2011	2012	2013
Short Suspensions - 1 to 5 days	23	10	10
Long Suspensions - 6 to 20 days	4	1	3
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

## Curriculum offerings

### Our distinctive curriculum offerings

The school is divided into three Sub-Schools supported by specialist departments in order to best serve the diverse needs of students. All Sub-Schools offer Core Literacy and Numeracy blocks with specialised options programs to enhance learning at the various levels. The Junior and Intermediate areas offer departmental reading programs. We run a fledgling program to encourage higher achieving students in the school. This includes extension literacy groups in the Junior School, an enrichment program in the Intermediate School and extension modules in the Senior School as well as extra-curricular offerings as Teacher time allows.

The school's Music Specialist teaches classes from Infant to Senior School. Opportunities exist for students to participate in Choir, Stage and Concert Bands, Eisteddfod, Song Festival and numerous public performances. An Instrumental Music Teacher provides weekly lessons for woodwind, brass and percussion.

In general, our learning framework consists of our curriculum framework with its core learnings across the Key Learning Areas providing the knowledge and skills essential for all students. Our Whole School Literacy Plan provides the core for a developmental reading, oral and written literacy program across all the year levels which is aimed at meeting individual student needs. Our whole school ICT for Learning Agreement sets out the school's direction for the use of technologies, including computers.

### Extra curricula activities

Children in the Preparatory Year to Year Three participate in day excursions to venues such as Amaroo Environmental Field Studies Centre at Klienton and Jondaryan Woolshed. Year Five children have had a three day Camp, Year 6 and 7 students undertake trips that alternate between the Sunshine Coast and Canberra. This will all change in 2014 as we accommodate the move of our Year 7 students to Secondary School.

Our school offers children from Year 4 upwards the opportunity to be in School Choirs, Concert and Stage Bands run through the Instrumental Music Program.

We also have instigated a Drumming and Singing Group which features music and song of a number of our school's Cultural Groups.

## How Information and Communication Technologies are used to assist learning

Computer labs are established in the Library, Intermediate Area and Senior Area. Each classroom has two or three computers. Each computer is connected to a server and the Internet. An Internet User Agreement Form is sought from parents before children have access. Students frequently use computers to enhance their learning.

All classrooms now have Interactive Whiteboards installed as part of several programs we sourced funding from in previous years. Staff are quickly becoming proficient with the use of this exceptional technology and ongoing PD and training in the use of Interactive Whiteboards is ensuring teachers are gaining proficiency.

In 2013 all teachers were provided with an I-Pad and Professional Development on the opportunities this technology provides teaching and learning in our classrooms.

Technology is now seen as a tool to assist learning and is used as such.

An extensive infrastructure and cabling upgrade was completed in 2013 which has ensured greater speed and access to our students as they use the equipment we have.

Staff discussions are now focusing on how we can better cater for "The Digital Learner".

## Social climate

In terms of the "Social Climate" of Darling Heights State School, one needs look at the support provided to parents and children alike. A Guidance Officer, Speech Language Pathologist, ESL Advisory Teachers and a Chaplain are all part of the School and are actively supporting students and parents. Co-operative Religious Instruction is taught in most classes, except Prep, once a week, by volunteer visiting Catechists. The supportive and caring nature of the school environment has a very positive impact on the morale of students and staff alike.

Our School Chaplaincy Program is a feature of the support that we are able to provide all members of our community.

Our Staff and Student Wellbeing Policy ensure we focus on the social and emotional components of our people and this has ensured we have an exceptionally friendly and supportive school environment where the climate features happy and well supported children, staff and parents.

## Parent, student and staff satisfaction with the school

Annually, Education Queensland undertakes a survey process to gauge Parent, Student and Teacher opinions to aspects of school operations. Each year up to 40 school families are randomly selected for this "On-Line" survey process.

It has always been pleasing for us to see that, since the inception of this survey process, on average, in excess of 80% of parents/caregivers and students surveyed are satisfied that this is a good school and that they or their children are receiving a good education from the school. In 2013; 94% of those who responded were satisfied that their children were getting a good education at the school. This is slightly down from the 100% recorded in 2012.

In any one year, staff members satisfied with the morale in the school has been as high as 96% with teacher satisfaction averaging in the 88% range. In 2013 Staff Morale rated at 96%.

\* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

# Percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to a major redevelopment of the surveys (parent/caregiver and student in 2012; staff in 2013), comparisons with results from previous years are not recommended.

DW = Data withheld to ensure confidentiality.

## Involving parents in their child's education

Involving parents begins with being welcomed and involved in their child's classroom and the activities of this classroom. Building a relationship with teachers is vital and all teachers welcome the opportunity to get to know parents and discuss progress of children in the classroom.

Opportunities for parent involvement exist in all classrooms with teachers requesting various levels of support in a variety of activities.

Parents can also become involved in activities of our P&C Association all of which significantly contribute to the effectiveness of our school while providing parents an opportunity to network. One such successful activity is the Craft Group which meets weekly to make items which then become the stock for the Mothers' and Fathers' Day Stall run for the children to purchase gifts for these special days.

Collectively, school staff and P&C members encourage parents and families to become involved in our school and the activities of their children.

## Reducing the school's environmental footprint

Of our School Values, Respect is one and includes Respect for our Built and Natural Environment.

Featuring as part of this is the efforts of staff and children to reduce the Environmental Footprint we leave.

Water saving devices have been installed in all toilets as has a solar panel system which generated electricity and feeds it back into the system. Children are regularly made aware of the need to conserve the resources we have, especially those of water and electricity.

The following Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	182,680	2,218
2011-2012	208,852	1,427
2012-2013	248,060	1,111

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

# Our staff profile

## Staff composition, including Indigenous staff

2013 Workforce Composition	Teaching Staff *	Non-teaching Staff	Indigenous Staff
Headcounts	44	29	0
Full-time equivalents	41	18	0

## Qualifications of all teachers

DW = Data withheld to ensure confidentiality.

### Student Attendance Distribution

The proportions of students by attendance range.

\* The method for calculating attendance changed in 2013 – care should be taken when comparing data from 2013 to that of previous years.

# Performance of our students

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Parents of children who show regular unexplained absence are contacted and discussions held on how regular attendance can be achieved.

In 2013 and to support targeted special interest groups we provided Attendance Certificates to students who achieved 90% plus attendance in each term.

For 2014, where regular absence or lateness occurs, families will be forwarded a “post card” showing just how much school their child/ren are/will miss.

For 2014, all students will receive a certificate if they attend better than 95% in the semester.

## National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following ‘Find a school’ text box.

**Find a school**

Search by school name  **GO**

Search by suburb, town or postcode

Where it says ‘**Search by school name**’, type in the name of the school whose NAPLAN results you wish to view, and select <**GO**>.

Read and follow the instructions on the next screen; you will be asked to accept the **Terms of Use** and **Privacy Policy** before being able to access NAPLAN data.

If you are unable to access the internet, please contact the school for a paper copy of our school’s NAPLAN results.

## Achievement – Closing the Gap

At Darling Heights State School we specifically target literacy and numeracy for indigenous students through a range of individual, small group and extension focussed strategies.

The school performance, over the past three years, has seen significant improvement in the areas of Reading, Writing and Numeracy. This improvement has been for all students and especially significant for both indigenous and non-indigenous groups in Reading, Writing and Numeracy.

In 2013 data provided for Indigenous Students continues to show that Indigenous students performed close to the level of Non-Indigenous students in Reading and have shown improvement to close the gap in the area of Writing. Numeracy continues to be a focus area for all students.

The attendance rate of indigenous students in 2013 reflect that of previous years and compares well with a non-indigenous attendance rates. In this time the school enrolment of Indigenous students has remained stable.
